
Princess.Loot.Pixel.Again X2 Free Download

Download >>> <http://bit.ly/2SKz6gG>

About This Game

- The continuation of (un)popular game Princess.Loot.Pixel.Again
 - Lots of fun without any hints of seriousness
 - A procedurally generated adventure
- x2 is much more artefacts, items, locations, enemies, bosses, secrets and traps
 - The original graphic style of pixel-comix (according to the developer)
- PLPA x2 is filled with funny things, irregular situations, easter-eggs and references to other games and films
 - More and more achievements! Well, not too much, but something like that...
 - Full controller support
 - Mario blocks!
 - Unique 8-bit drum-n-bass O_o
 - Did you see it before? Yes, sure!

Title: Princess.Loot.Pixel.Again x2
