, Open World, Story, Sequence, Singleplayer, Parallels, Multiplayer, Xbox One, Windows 10. In the year 2022, the world has been taken over by a powerful private military corporation (PMC). They have taken over the world and are destroying all opposition. Those who refused to collaborate with the PMC have been eliminated. Now, a group of former enemies are coming together to take down the PMC and bring down the new world order. The fate of the world depends on you alone. Created by the acclaimed team of Sam Fisher, your mission is to dismantle the PMC's global operations, infiltrate their secret bases, and eliminate their leadership. #1 pc campaign gameplay. It is all about sneaking, shooting and hacking. The best stealth of any Splinter Cell game. #3 exciting missions. There are no easy missions. Each has its own flavor and challenges. Your actions determine your mission outcome. #3 co-op. With friend or foe. You are a Shadow Agent working for a highly secretive organization. The line between friend and foe is blurred. As a Shadow Agent, you are on a mission to find out who betrayed your organization. It is not who you thought it would be. Find out who is in the dark and who is in the light. #6 awesome weapons and gadgets. Whether you want to use a knife or a sniper rifle, there are plenty of lethal choices. Along with new weapons, you can also upgrade them, making them more powerful. Choose your weapons wisely. #7 awesome gadgets. You are

a Shadow Agent, and if you succeed, the world may be yours for the taking. So, equip the best gadget, or use multiple ones to escape. #8 awesome secrets. Keep an eye out for the multiple hidden objectives and the many secret collectibles scattered throughout the game. #9 smart enemies. They are no pushovers. They will shoot, and if you are spotted, they will track you. I have the whole series on steam but I also own the SEASON 1-3 (with all episodes) on disc. I have a digital download version on steam but don't really care much for the way the PC DRM works. I am looking for a torrent to help me rip the 1080p versions of all 5 episodes off the blu ray discs. Does anybody know how to do this or is there a tool that does it for you? I am on a win 8.1 OS I have the whole series on steam but I 82157476af
